

CATEGORY EXCLUSIVITY

30 Industry Sectors for Commercial Sponsorship

A sector-exclusive advertising & monetisation model for Asiko TV and the Media Icons Africa channel portfolio — one market-leading brand per category, locked out of competitors.

Prepared by Media Icons Africa

One exclusive brand, per sector, across the channel lineup

01

Sector Exclusivity

Only one market-leading brand is signed per industry category — direct competitors are locked out for the term of the deal.

02

Premium Positioning

Exclusivity commands a premium price versus standard spot advertising, and signals category leadership to the market.

03

Portfolio-Wide Reach

Sponsorship spans channel content, on-air integrations, and streaming placements across the Asiko TV / Homee bouquet.

04

30-Sector Framework

Categories were mapped across finance, consumer lifestyle, health, and public/institutional sectors for full economy coverage.

Financial, Telecom & Mobility

NEXT STEPS

Taking the model to market

- 1 Prioritise sectors**

Rank the 30 categories by fastest close and highest ad spend (telecom, fintech, banking, FMCG, beverages first).
- 2 Identify the leader**

Map the single dominant, market-leading brand to approach in each category before outreach begins.
- 3 Price the exclusivity**

Set category-exclusive rate cards above standard spot rates, tied to channel reach and placement mix.
- 4 Engage industry bodies**

Present the framework to MIPAN, ADVAN and EXMAN to build early credibility and pipeline.
